Approval of the Sinopec TPEO Series

To whom it may concern:

Based on the successful completion of MAN Diesel & Turbo's "Test Procedure for Engine Lubricating Oil Approval" we grant approval for the Sinopec TPEO series by Sinopec for the use in MAN Diesel & Turbo large bore medium speed engines. The lubricant is suitable for heavy fuel oil operation and alternating heavy fuel oil and LNG operation.

The approval covers the base number range from 20-50 mgKOH/g and the viscosity classes SAE40 and SAE30.

This approval is valid for two years (until October 2017) provided there are no changes in formulation (base oil, additives). The approval needs to be prolonged after October 2017.

For reasons of completeness we emphasize that, in any case, the lube oil manufacturer must take over the warranty for the lube oil.

Yours truly,

MAN Diesel & Turbo SE
